

# HOW TO NAIL YOUR NEXT IMPROVEMENT PROJECT

Great improvement projects clearly define a problem to solve or a mystery to uncover.

The challenge for people leading the project is to make sure you know what success looks like, what is in and out of scope, and have the support you need to get the resources required to make improvements. Join us to avoid the frustration of an unsuccessful and incomplete improvement project.

**Pete Barboni**

Continuous Improvement Manager  
Intek Plastics

**Dan Olson**

Sr. CI Specialist  
ProtoLabs

**Moderated by:**

Kirby Sneen, President  
Manufacturers Alliance
