

# Maximizing Team Performance

Build and Foster Successful Work Teams

Offered as part of the Supervision Fundamentals Certification

**Your instructor:**

*Natalie Ackerman* is CEO, Talent Edge Group and is a Certified Executive and Career Coach who has spent the last 10 years as a talent management and leadership development consultant for numerous organizations in the Twin Cities. She has coached more than 1,000 leaders from first time managers to the C-suite from every function and within almost every major industry.

Participants will learn both what gets in the way of teamwork, and what fosters teamwork. Exercises demonstrate how to align people around common goals, and clarify roles among team members. Through video, discussion and group exercises, attendees will practice team processes, communication and decision-making. Participants learn how to build an environment that fosters creativity from all team members. Tools are provided for soliciting feedback from their teams on how well they are performing, and each student is encouraged to create an Action Plan for improvement.

**After completing this Workshop participants should be able to:**
